### 4

### ENVIRONMENTAL MESSAGE CORNER

#### Waste Management

Unfortunately, landfills are reaching capacity on a regular basis, which leaves towns and counties needing to find new ways to deal with the growing waste problem. While you may not be able to solve your town's trash problem yourself, every little thing you do helps.

90%

of waste is sent to landfills.

10%

of solid garbage is recycled each year.

### 7

AWWAM Environmental Laboratory Services (AELS)

#### Wastewater Characteristic Study

Airwastewater Management Sdn Bhd was engaged by a client to conduct continuous 3 days wastewater characteristics study at sewage treatment plant in Labu, Negeri Sembilan. The scopes of works are including measurement of wastewater flow rate, sampling and laboratory testing. The field works were conducted from 23 to 26 December 2019.
