- ☑ Competitive and cheaper price.
- ☑ Free delivery within 10km.

Requirements under Regulation 9 of Environmental Quality (Scheduled Wastes) Regulation 2005

Regulation 9 – Wastes Containers of Scheduled Wastes

- (1) Scheduled wastes shall be stored in containers which are compatible with the scheduled wastes to be stored, durable and which are able to prevent spillage or leakage of the scheduled waste into the environment.
- (2) Incompatible scheduled wastes shall be stored in separate containers, and such containers shall be placed in separate secondary containment areas.
- (3) Containers containing scheduled wastes shall always be closed during storage except when it is necessary to add or removed the scheduled wastes.
- (4) Area for the storage of the containers shall be designed, constructed and maintained adequately in accordance with the guidelines prescribed by the Director General to prevent spillage or leakage of scheduled wastes into the environment.
