## 1 ENVIRONMENTAL MESSAGE

### Training, Learning & Education (TLE)

#### OSH COORDINATOR TRAINED PERSON

**Occupational Safety & Health (OSH)** in the workplace, especially in **Small and Medium-sized Companies (SMEs)**, is an aspect that needs to be given full attention by employers. This is because the activities carried out at the workplace can create the risk of dangerous incidents, accidents, injuries, and deaths not only to the employees but also to the public in the workplace area.

The new **Section 29A** of the **Occupational Safety and Health (Amendment) Act 2022** now mandates employers with five or more employees to appoint an **OSH Coordinator**, reinforcing the importance of workplace safety.
