## **SAFETY AND HEALTH (SH) POLICY STATEMENT**

DOC. NO	<b>App8-AWWAM-SHP</b>
REV. NO	<b>0</b>
EFF. DATE	<b>05 JANUARY 2026</b>
PAGE NO	<b>Page 2 of 3</b>

Airwastewater Management Sdn. Bhd. recognizes its responsibilities and commitments towards safety and health of its employees, contractors, clients, customers, communities and other stakeholders, and the protection of their wellbeing in the performance of its businesses and activities. Airwastewater Management shall conduct its businesses and activities in accordance with the following principles:

1. Compliance with all local, national and international laws and regulations, industrial standards and guidelines on safety and health.
2. Creation of a safe and healthy working environment by eliminating hazards and reducing risks through the provision of resources, best practices, training and professional services.
3. Prevention of incidents and accidents on safety and health continually using best practicable means and risk management to control potential hazards.
4. Minimization of potential hazards and ensure personnel are trained to carry out their work safely from all parts of businesses and activities.
5. Implementation of policies, procedures and measures for continual improvements of safety and health.
6. Promotion of safety and health through continual process of consultation, communication, education and training.
7. Conduct audits, and take corrective action where appropriate to ensure effective implementation of this policy.

All employees and stakeholders shall have personal responsibility to adhere to this Policy and the Safety and Health performance shall be an important element in the assessment and evaluation of their performance.
